To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 249A at Hennessey, Oklahoma.

Petitioner respectfully submits that the public interest would be served by allocating Channel 249A to Hennessey, Oklahoma as that community's first local FM service. Hennessey, Oklahoma is an incorporated city with a population of 2,052 people. Hennessey has its own mayor, Terry Berkenblie, its own post office, volunteer fire department, police department, city offices, school system and a number of local churches. Hennessey is a community that is certainly deserving of local FM service. The proposed channel 249A will provide additional diversity and an outlet for local self-expression to Hennessey residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 249A can be allocated to Hennessey, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates for Hennessey, Oklahoma are:

36 06 09 N
97 57 18 W

Should this petition be granted and Channel 249A be allotted to Hennessey, Oklahoma, Petitioner will apply for Channel 249A at Hennessey and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

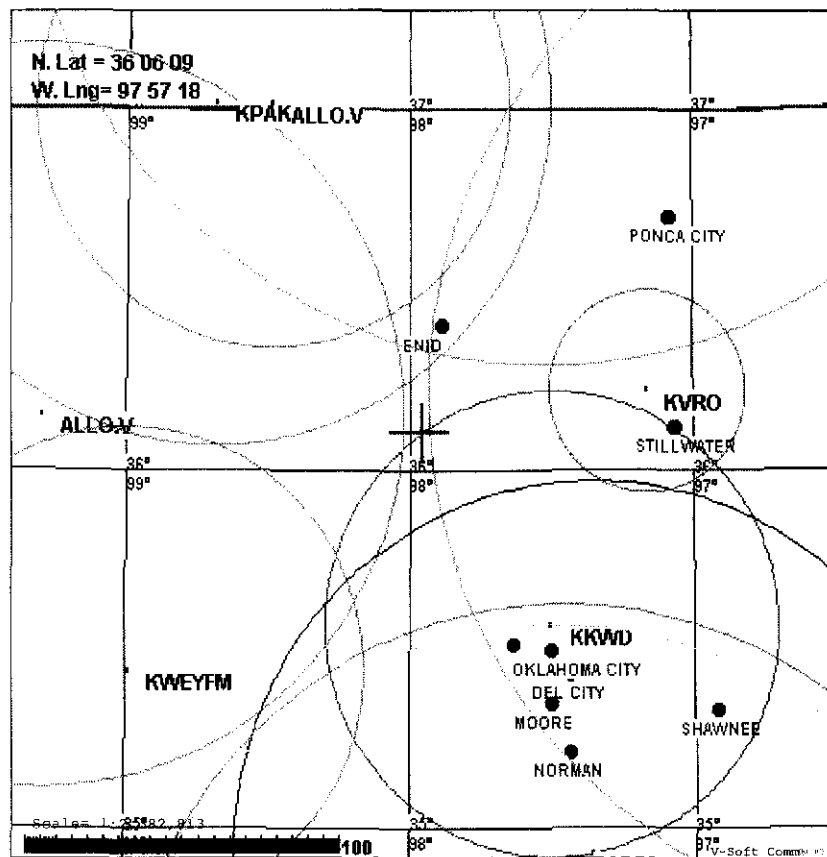

Charles Crawford
